# SCOTT MX 550 HELMET – GET YOUR HEAD IN THE GAME

THREE YEARS AGO WE SAT DOWN WITH OUR PROFESSIONAL MOTOCROSS RACERS AND ENDURO RIDERS AND WE TRIED TO DEFINE WHAT EXACTLY THE REQUIREMENTS WERE FOR THE SPORTS THAT THEY PRACTICE. THE TWO MAIN REQUIREMENTS THEY HAD FOR THEIR HELMETS WERE VENTILATION AND SAFETY. IT IS NOT EVERY DAY THAT YOU GET TO ENVISION AND DEVELOP A NEW HELMET. WHEN WE DID, ONE THING WAS CERTAIN, WE WEREN'T GOING TO COMPROMISE. TODAY WE ARE EXTREMELY PROUD TO LAUNCH THE MX550 HELMET, MEETING THE EXACT NEEDS OF OUR RIDERS AND SETTING NEW STANDARDS IN VENTILATION AND SAFETY.

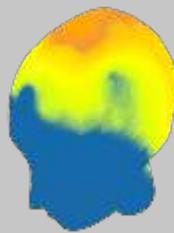

## CLASS LEADING VENTILATION

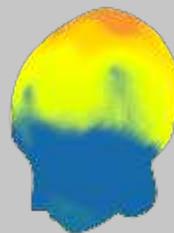

We benchmarked the MX550 ventilation in a wind tunnel scenario against key competitors. It significantly outperformed these competitors, reassuring us that we have achieved our goals.

# SSO SERIES

RADIAL IMPACT  
ANGULAR IMPACT

## CONEHEAD

For radial impact we have introduced Conehead Technology to our helmets. It is a unique construction that has two different densities of EPS. This increases the impact absorption of the helmet.

## SAFETY AS PRIORITY

We take safety seriously and the helmet team at SCOTT is passionate about it. We see it as our key goal of who we are and the helmets that we produce. Riders experience two types of impacts – radial impacts which are impacts straight into the head and angular impacts which cause rotational violence. With the MX550 we address both by using Conehead and MIPS technologies.

To protect the brain from rotational violence we have introduced the revolutionary MIPS brain protection system. MIPS is a low friction layer inside the helmet which allows the head to rotate relative to the helmet in an angled impact. This substantially reduces rotational violence and the potential for damage to the brain.

## SCOTT 550 HATCH HELMET

264412

The new SCOTT 550 Hatch Helmet is a high end helmet that pushes the limits of ventilation and safety. Equipped with the latest safety technologies such as MIPS® and Conehead and the perfect cooling management with strategically placed vents you will feel good and safe throughout your entire ride.

black/orange

white  
0002

**CONSTRUCTION:** In-Mold Technology  
**SIZE:** XS-XXL

**FEATURES**  
+ Optimized & customisable ventilation  
+ 3D shaped cheek pad  
+ Removable and washable liner & cheek pads

## SCOTT 550 CAMO HELMET

264413

The new SCOTT 550 Camo Helmet is a high end helmet that pushes the limits of ventilation and safety. Equipped with the latest safety technologies such as MIPS® and Conehead and the perfect cooling management with strategically placed vents you will feel good and safe throughout your entire ride.

**CONSTRUCTION:** In-Mold Technology  
**SIZE:** XS-XXL

**FEATURES**  
+ Optimized & customisable ventilation  
+ 3D shaped cheek pad  
+ Removable and washable liner & cheek pads

## SCOTT 550 WOODBLOCK HELMET

264414

The new SCOTT 550 Woodblock Helmet is a high end helmet that pushes the limits of ventilation and safety. Equipped with the latest safety technologies such as MIPS® and Conehead and the perfect cooling management with strategically placed vents you will feel good and safe throughout your entire ride.

**CONSTRUCTION:** In-Mold Technology  
**SIZE:** XS-XXL

**FEATURES**  
+ Optimized & customisable ventilation  
+ 3D shaped cheek pad  
+ Removable and washable liner & cheek pads

## SCOTT 350 PRO HELMET

263139

Blending high end materials with leading edge design, the SCOTT 350 Pro Helmet is engineered with lightweight and thermoplastic shells. It uses Conehead Technology and has a high-flow vent system. The in-mold EPS liner decreases the overall weight of the helmet, making it perfect for competitive athletes. If you are looking for protection, style and design this is your helmet.

**CONSTRUCTION:** In-Mold Technology  
**SIZE:** XS-XXL

**FEATURES**  
+ Removable, washable liner & cheek pads  
+ Highly integrated vents  
+ Easy adjustable visor
